12 528	4517881	
13 534	4517563	
14 537	4520996	
15 549	4516979	
16 559	4530942	
17 652	4658924	
18 654	4658735	
19 662	4658797	
20 666	4658797	

How To Retrieve The Tag ID List Heatime® HR

1. Select Options.
2. Select User Options.
3. Enter the password 1239.
4. Select Herd Handling.
5. Select Edit Tags ID and Cow Numbers.

You will now be in the menu that enables you to assign cow numbers to tag ID numbers. If you have Heatime® HR Viewer For PC, you may be able to navigate to this screen and print it off for your convenience when pairing tags and cows.
